Case Report

Grading Rubric (16* total points possible)

Content Area	Excellent	Satisfactory	Unsatisfactory
Content	**4-5 points** Well organized; logical sequence; reported all available info.	**2-3 points** Approach somewhat unorganized; did not address one source of information given through assessment materials	**0-1 point** Somewhat unorganized; Minimally addressed or missed significant aspects of assessment.
Research	**4-5 points** Includes complete rationale of all diagnoses. Cites reputable evidence-based sources.	**2-3 point** Incomplete rationale for one of the diagnoses. One source is missing or is not a reputable evidence base source.	**0-1 point** Does not include rationale for 2 or more diagnoses or source citation.
Treatment*	**4-5 Points** Identifies all of the patients significant dental problems; treatment objectives are appropriate for the patient given their priorities and circumstances	**2-3 Points** Did not identify at least one of the patients significant dental problems; Treatment objectives are appropriate but may not reflect the patient circumstances and priorities	**0.1 point** Did not identify several of the patients significant problems; Treatment objectives are inappropriate and do not take the patients priorities and circumstances into consideration
Mechanics	**1point** Consistently grammatically correct with rare misspellings. All sources include Author(s), article title, journal, date, issue and page numbers when applicable.		**0 points** Not submitted on time. Utilizes poor spelling and grammar. Incomplete source citations.

*This section can be omitted if you choose not to include treatment objectives in the assignment. This will change the point allowance for the assignment to 11 points.
